NOTES · CONTRACT COMMENTARY

- Entered into a 3-year firm + 1-year optional contract with ONGC India and the Platinum Explorer commencing August 2026.
- Ventura entered into a 1-well contract with Petronas Indonesia utilising the Deep Value Driller due to commence November 2026.
- Ventura entered into a 4-year + up to 2-years optional contract with Petrobras Brazil with the Atlantic Zonda commencing April 2025.
- Sold the Tungsten Explorer to TEVA, a Joint Venture Company (owned by TotalEnergies 75% and Eldorado 25%). Consecutively, the company entered into a 10-year Management Contract which became effective post-close of the sale of the Tungsten Explorer in Q3 2025.
- Entered into a 2-well firm + a 1-well optional contract with TotalEnergies and the Tungsten Explorer in Namibia due to commence October 2026.
- Entered into a 3-year Management Services Agreement with an ADES company, post-close of the sale of the Topaz Driller and Soehanah until October 2027.
- Extended the existing Support Services Agreement for the Emerald Driller with ADES for an additional 3-years until October 2027.
